

Damascus PV IP54 Outdoor Cabinet with Ultra-Large Capacity

All-in-one 50kW/100kWh ESS cabinet for solar storage, backup, and peak shaving. Outdoor-rated, air-cooled, and easy to install with full EMS control.

All-in-One Outdoor Energy Storage Cabinet integrates a 125kW bi-directional PCS inverter and 215kWh LiFePO4 battery into a rugged, space-saving solution for commercial/industrial applications.

- A standard 2-hour power backup solution is available for each cabinet, and the independent dual DC port design makes it easy to connect multiple cabinets for a 4-, 6-, or 8-hour expansion solution.

Scalable outdoor energy storage cabinet is designed for customer application with power and capacity range requirements of 125kW/215Wh. The system can flexibly scalable the battery cabinet according ...

High-capacity modular design that can be scaled from 215kWh to multi-MWh configurations. IP54-rated outdoor cabinet that withstands extreme temperatures, dust, and moisture. Real-time load ...

All-in-One Outdoor Energy Storage Cabinet integrates a 125kW bi-directional PCS inverter and 215kWh LiFePO4 battery into a rugged, space-saving solution for commercial/industrial ...

Engineered for harsh climates and demanding workloads, our outdoor battery storage cabinet delivers scalable LiFePO4 energy storage in a rugged IP54-rated enclosure.

Our 200KWh Outdoor Cabinets energy storage system is built with IP54 protection, ensuring it can withstand harsh weather, from scorching sun to torrential rain.

With a rated AC power of 50kW and a rated capacity of 100kWh, this system boasts a high system voltage range of 739.2V to 950.4V. Benefit from advanced features such as MPPT range of 315 ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an ...
