

# Does the campsite need an outdoor power source

Do I need a power source when camping?

The type of camping also affects your power needs. For example, if you are camping in a campground with electrical outlets, you may not need to bring any additional power. However, if you are camping in a remote area without electrical outlets, you will need to plan for a backup power source.

Do campsites have electricity?

Yes, many campgrounds, including tent campgrounds, offer electricity to campers at their campsite. They do this via "power pedestals" at campsites, which are short electrical poles that have anywhere from 15 amp to 50 amp outlets on them to help power your devices.
