

Financing for a 10kW Outdoor Photovoltaic Cabinet Project

The Solar Finance Simulator is an easy-to-use online tool for universities, hospitals, municipalities, and businesses to simulate long-term financial forecasting for four types of solar photovoltaic (PV) ...

Sale of Electricity Sale of Project Government Incentives Smaller-Scale Projects Utility-Scale Projects Funding For Smaller-Scale Projects Self-Financing Solar Leasing Funding For Larger-Scale Projects De-Risking Revenue: Power Purchase Agreements

A first option for those who have the capital available to fund the project on their own is self-financing. The project owner pays for the equipment and installation costs. The greatest benefit of this option is that the individual or company then owns and has control over all of the energy produced; hence it is used most frequently for small projec...
