

Germany Communication Power Supply Cabinet 1000V

Complete power supply units for plant engineering with high connected loads - ready-to-use control cabinets with integrated power and control systems.

These power supplies (Table 1) all provide high, reliable power with low noise and excellent regulation and can be controlled from the front panel or remotely through a number of interface options.

For decades, BENNING has been supplying modular AC and DC power supplies for battery-supported power supply of electronic systems in telecommunications, industry, medical and data technology.

The GSPS series can operate in constant voltage, constant current and constant power limit modes. Control of voltage and current slew rate, arbitrary waveform generation and storage, internal ...

Suitable for bench or 2U rack mounting, the Z+ is a very compact programmable power supply offering power levels from 200 to 800W, voltages of up to 650V and currents of up to 72A.

The DC power supplies of the 62000H series can be operated very easily via the keypad on the front panel or with the remote control via USB / RS232 / RS485 / APG (standard) and GPIB & Ethernet ...

Bei der Entwicklung von digitalen Multifunktions-Labornetzger#228;te der Serie DP-P wurde besonderer Wert auf Vielseitigkeit, hohe Leistung, Pr#228;zision und Stabilit#228;t gelegt.

NURII Hspy-1000-01 Programmable Power Supply with Communication 1000V 1A High Voltage DC Supply

The digital Multifunctional Laboratory Power Supplies Series DP-P from DSC-Electronics Germany are designed for maximum versatility and offer modern digital connections such as RS232, RS422, ...

They feature power supply, distribution, and protection equipment as well as radio systems and passive or active cooling. Contact us today to learn about all the options and to find a solution that is right for ...
