

# Kehua Liquid Cooling Energy Storage System Press Conference

The launch of the Kehua S&#179;-EStation 2.0 Smart Liquid Cooling Energy Storage System not only represents a strong response to the current challenges posed by heat island effects but also actively explores the future ...

In response to the severe challenges posed by heat island effects, Kehua has launched the new generation S&#179;-EStation 2.0 5MWh Smart Liquid Cooling Energy Storage ...

The launch of the Kehua S&#179;-EStation 2.0 system not only represents a strong response to the current challenges of heat island effects, but also actively explores the future direction of energy storage ...

Kehua Digital Energy provided the integrated liquid cooling ESS for the power station -- the first 100 MW liquid cooling energy storage application in China, as well as an application benchmark in Kehua.

May 24, 2023 / Shanghai, China - Kehua, the world-leading smart energy solution supplier, attracts numerous PV and energy storage enterprises and followers all over the world at the ...

The solution based on an integrated liquid cooling system for energy storage, provided by Kehua Digital Energy, is the first 100MW project of its kind in China. This realization confirms Kehua's leadership in the energy ...

Munich, Germany / June 19, 2024 - A significant amount of visitors at Intersolar Europe 2024 witnessed the unveiling of Kehua's latest technology S&#179;-EStation 2.0 Liquid-Cooling BESS and comprehensive photovoltaic ...

Las Vegas, Nevada -- September 2025. Kehua showcase an integrated portfolio at RE+ 2025 that puts liquid-cooled engineering and grid-forming control at the center of the AI-era grid's low-carbon transition.

Kehua's C& I liquid-cooled S&#179;-EStore systems have been deployed at a Latvian industrial facility, ensuring uninterrupted participation in ancillary markets, the project demonstrating how modular energy ...
